

The southeastern coast represents some of nature’s best work. The intricate waterways of the Inside Passage. The high cliffs of Misty Fjords. The deep bays that welcome whales every summer. But a journey into the interior reveals so much more. Mighty rivers fed by massive glaciers. The vast taiga forests and rolling tundra of Denali National Park. With a Royal Caribbean Cruisetour, you enjoy both. Combining a seven-night sailing along the southeastern coastline of Alaska with a land tour into the breathtakingly beautiful inland destinations.

In some cases, the unique nature of Cruisetour groups requires the application of guidelines different from those that apply to cruise only groups. The following paragraphs describe those different guidelines. Except for the differences described below, the above referenced Group Guidelines apply to Cruisetour groups as well. Individual Group Size — A Cruisetour group has the same minimum size requirements as cruise only groups (eight (8) staterooms and sixteen (16) guests at double occupancy). However, the maximum number of guests that can be booked for a Cruisetour group is twenty (20) staterooms and forty (40) guests. For any Cruisetour group in excess of that size, a written contract will be required. Per Sailing Limit — If every member of a group is purchasing the same Cruisetour package, a single Cruisetour group booking will be created and the Travel Partner may hold only the one Cruisetour group (and not a separate cruise only group) on the same sailing. However, if some members of a group are purchasing a Cruisetour package and others are not, two separate group bookings will be created: (a) one for the cruise only members; and (b) one for the Cruisetour group. Under these circumstances, a Travel Partner may hold one (1) cruise only group and one (1) Cruisetour group on the same sailing. Total Outstanding Cruisetour Groups Limit — At any given point in time, the total number of non-contracted Cruisetour groups that may be held by a Travel Partner cannot exceed the greater of: • Four (4) Cruisetour groups; or • Twice the number of Cruisetour groups that sailed in the immediately preceding four (4) calendar quarters in noncontracted Cruisetour groups booked by that Travel Partner. Final Option Date — The Final Option Date for a Cruisetour group is 180 DTS, regardless of the length of the associated cruise's itinerary. The departure date for a Cruisetour is the embarkation date for the associated cruise, or the first day of the tour portion of the Cruisetour, whichever is earlier. Cruisetours that are converted to a cruise only reservation within forty-two (42) days of the start date of the tour segment of the Cruisetour will be subject to a cancellation charge. The amount of that charge varies depending on the location of the Cruisetour and/or its length. The specific charges can be found at RoyalCaribbean.com/cruisetourcancellationpenalties. Features vary by ship. All itineraries are subject to change without notice. ©2020 Royal Caribbean Cruises Ltd. Ships' registry: The Bahamas. 20073257 • 4/7/2020
