FROM SEASCAPES TO MOUNTAIN TOPS, A COMPLETE ALASKA ADVENTURE

Alaska's rugged southeastern coast represents some of nature's best work. The intricate waterways of the Inside Passage, dotted with thousands of islands, big and small. The high cliffs of Misty Fjords. The deep bays that welcome whales every summer. The towering blue ice of Hubbard Glacier. Where life is centered around the water, a cruise is the ideal choice.

But a journey into the interior reveals so much more. Mighty rivers fed by massive glaciers. Towns where moose stroll the streets. The vast taiga forests and rolling tundra of Denali National Park. And the Great One itself — Denali, the mountain standing tall over the rest of the snow-covered Alaska Range.

With a Royal Caribbean Cruisetour, you enjoy both. Combining a seven-night sailing along the southeastern coastline of Alaska with a small-group tour into the breathtakingly beautiful inland destinations, it's a complete Alaska adventure.

Experience the authentic interior of Alaska in supreme comfort, with luxury transportation and accommodations in the finest lodges available. And with the personal attention and expertise of a dedicated Adventure Specialist, you'll explore the wild lands of the Last Frontier your way.

If you're going the distance, discover the best of Alaska by land and sea on a Royal Caribbean Cruisetour.

WILDERNESS EXPRESS RAILCARS

A highlight of every Royal Caribbean Cruisetour is riding the deluxe railcars of the Wilderness Express®, a fantastic way to travel in Alaska. In the glass-domed upper level, sit back in comfortable leather chairs as you take in the unobstructed views of the changing landscape before you and the vast open skies above. EXPLORE FLAVORS FAR AND WIDE

You'll have your pick of dining options onboard *Radiance of the Seas*. Royal Caribbean's award-winning Adventure Ocean programming keeps kids engaged with organized, age-appropriate activities. High-quality team members supervise such fun as hands-on science experiments, scavenger hunts, and more. In the evening, parents can feed the kids early, then drop them off while they have a romantic dinner or take in the show.

Tweens and teens have their own competitions, parties and movie nights, plus a dedicated club where they can hang out with new friends.

GROWN-UP RETREATS

From aromatic ocean wraps to soothing massages, the onboard Vitality SpaSM delivers the ultimate time-outs for adults. For an endorphin hit, the ship's state-of-the-art fitness center offers yoga and group classes, plus everything you need — weight machines, cardio equipment and free weights — to work out on your own. And the pool and whirlpools inside the glass-enclosed Solarium are reserved for adults, ideal for a restorative soak afterwards.

ALASKA'S CAPTIVATING COAST

Between the Georgia Strait, off Vancouver, and Alaska's Resurrection Bay lie North America's most spectacular seascapes. Towering fjords, jagged cliffs, hundreds of islands, and intricate inlets carved by glaciers. Frosty waters home to an array of marine life. Mighty mountains and vast forests. In this region life revolves around the sea, as you'll discover in quaint coastal towns rich in pioneer heritage and indigenous culture.

Alaska's Inside Passage — A narrow waterway surrounded by 1,000-foot icy cliffs. You'll find water and wildlife mix nicely in the protected waterway.

Icy Strait Point — Indigenous Tlingit culture in a town nestled in old-growth forest.

Juneau — Alaska's remote capital sits at the base of Mount Juneau and can only be reached by boat, ship or plane. Surrounded by water, forest and mountain sights, Juneau is the access point for visiting the Juneau Icefields and the immense Mendenhall Glacier.

Ketchikan — On the shores of the Tongass Narrows, Ketchikan is one of best ports for exploring the vibrant cultures of Native Alaskan peoples like the Tlingit, Haida and Tsimshian. Granite cliffs, 1,000-foot-tall

waterfalls, lush forest and more form the stunning seascapes of the nearby Misty Fjords National Monument.

Skagway — Flanked by the same snowcapped Coast Mountains as the goldfields of the Yukon, Skagway was the starting point for the Klondike Gold Rush. Ride the vintage White Pass & Yukon railway and see the original mountain trail worn into the rocks by thousands of prospectors.

Vancouver, British Columbia — This cosmopolitan port city is blessed with stunning vistas and an exciting urban scene that includes excellent restaurants with a distinctively local flavor.

NEXT LEVEL GLACIER GAZING

Nature generally takes her time. Alaska's dramatic mountain ranges and ruggedly beautiful seascapes were carved out by glaciers over thousands of years. Today, most of these giant masses of ice are slowly receding, with one notable exception. The mighty Hubbard — the continent's biggest tidewater glacier — is growing larger by the day and moving quickly toward the Gulf of Alaska. Traveling by sea, cruisers experience the awe-inspiring sight of the towering frozen river of blue ice. It's also a unique opportunity to witness the power of nature as Hubbard reshapes the region around Yakutat Bay.

Even by the standards of the Great Land, Hubbard is huge, covering 1,350 square miles. It stretches 76 miles from Canada's Yukon toward the sea until it meets Disenchantment Bay. There the glacier stands some 350 feet tall and about seven miles across, and is advancing at the astonishing rate of 30 feet per day. With that relentless movement comes constant calving.

This phenomenon is one of nature's greatest spectacles, as chunks of melting ice the size of buildings break off and crash into the frigid waters of the bay.

The sound of cracking ice is so loud, the native peoples called it "White Thunder," and the splash-down of the just-formed icebergs so forceful, the resulting waves may rock the bay and crash against the shoreline.

You can appreciate this wonder of nature from almost anywhere onboard *Radiance of the Seas*. The ship is designed for scenic sailing, with a glass-enclosed central atrium, elevators facing out to the sea, and floor-to-ceiling windows throughout in addition to the ample outdoor deck space. Plus the captain will slowly turn the ship around in the bay several times, to ensure that everyone has the chance to take in the great views. Joining the captain in the bridge is a National Park Ranger, who'll describe the action as it unfolds — and keep a trained eye out for the humpback and orca whales that often frolic in the surrounding coves.

MEMORY MAKING EXPLORATION

There is so much to see, do and explore in the Great Land. With the excursion program, you'll enjoy the best of Alaska in port and the inland towns. The selection of adventures, explorations and tours is diverse, offering the experiences that you and your family will love, whether you're looking for high-flying thrills, history and culture, wildlife, outdoor challenges or a memorable meal on a glacial lake. All the excursions are designed to complement the sailing and the land tour, making your Royal Caribbean Alaska Cruisetour complete and totally unique to you. To inspire your Alaska vacation planning, here is a sampling of program options.

DISCOVER ALASKA WHALES (JUNEAU)

The hands-on science of marine biology meets scenic sightseeing on this whale-watching expedition from Juneau. While cruising Stephens Passage in a safari-style vessel, your guide leads you through activities that support local research organizations, such as monitoring for invasive species, collecting plankton samples, identifying humpback whales and observing other marine mammals. In addition to the pods of humpbacks, these waterways are home to orcas, Stellar sea lions, Dahl's porpoises, and harbor seals.

GREAT ALASKAN LUMBERJACK SHOW AND AXE CHALLENGE (KETCHIKAN)

Meet some of Alaska's famed woodsmen in the port of Ketchikan. It's man against tree — and each other — as lumberjacks compete to see who can chop, saw and climb the fastest. It takes some fancy footwork to be the last one standing while rolling a log. Then see if you've got what it takes when the timber pros invite the show attendees to join in an axe-throwing contest.

DENALI FLYER (TALKEETNA)

Fly to the remote western end of Denali National Park for the best views of the three biggest mountains of the Alaska Range and the glacier that connects them. Kahiltna Glacier, the longest glacier in the range, begins on the Great One's southwest slope, at around 10,000 feet, and extends between Mount Foraker and Mount Hunter. The aerial tour takes you over the glacier's south fork, where climbers preparing to scale Denali set up base camp at 7,000 feet.

HUSKY HOMESTEAD (DENALI)

Jeff King knows what it takes to put together a winning team of sled dogs. The four-time champion of the Iditarod race opens his kennel to small groups of visitors for a personal tour. There you'll meet the canines who've led King to triumph and visit with the puppies that are being groomed for future competition. Training is year-round and intense, so you'll get to see the summer regimen in action.

BEAUTY TO GO WILD OVER

With vast forests, rolling tundra, mighty rivers, pristine lakes and towering mountains, Alaska invites you to explore the outdoors. But the welcome of Alaskans will make your visit truly memorable. Whether in remote outposts or cities surrounded by wilderness, the people who call the Great Land home share an independent spirit, a strong sense of community and a love of Alaska's wild beauty.

DENALI — SIX MILLION ACRES OF DISCOVERY

In the center of the Alaska Range, the alpine landscapes of taiga forest and vast tundra rise up to meet giant glaciers and rugged mountains covered in snow. Towering high above them all is Denali, North America's tallest peak at 20,310 feet. In the Athabaskan language, its name means "The Great One." Central to the cultural heritage of the native peoples who have lived here for thousands of years, the giant mountain is the ultimate symbol of the Alaskan wild. Here the United States established the world's first park expressly designated for the conservation of wildlife. A century later, Denali National Park remains a wild kingdom, where animals, large and small, roam free.

The park's most famous residents are the Big Five: Dall sheep, wolves, caribou, moose and the mighty grizzly bear. But they are far from alone. More than 30 other mammals, the red fox and arctic squirrel among them, also live here. And come summer, they are joined by more than 160 species of migratory birds.

For the best chances at spotting wildlife, you'll travel along the park's lone road that stretches for miles into the backcountry. Ride through the lowland forests of spruce, poplar and hardy shrubs up to the river valleys dotted with wildflowers and onwards to wide-open tundra covered in mosses, ferns, grasses and bushes of wild berries. It's a journey that showcases the beauty of Denali's distinct habitats.

Active outdoor adventures can be found in the park's front country. Dozens of walking, hiking and biking trails begin at the park entrance. River rafting, flightseeing and sled-dog summer camps are close by. And no visit is complete without spending time at the Denali Park Visitor Center. Staffed by welcoming park rangers, the center does double-duty as a natural history museum. Its acclaimed exhibits vividly tell the story of Denali, from its emergence out of the Ice Age to the subarctic environment we see today.

KANTISHNA – WHERE BACKCOUNTRY ADVENTURES BEGIN

The moment gold was discovered in the Kantishna Hills back in 1905, the rush was on. Fortune seekers descended on this remote spot deep in the wild. Then almost as quickly, the gold ran out.

After Denali National Park was established in 1916, the few prospectors who had stuck around were allowed to stay. Their former mining camp has been transformed into upscale lodgings, and is one of the few places to overnight inside Denali National Park proper. Even so, Kantishna remains far removed from the modern world, making it an exceptional place to connect with nature.

The park's one and only road ends in Kantishna. To protect the unspoiled character of the wilderness, access is limited and highly restricted. Few visitors to Denali will ever get to see the low valleys, high mountain passes and landscapes of the 92-mile journey.

These long stretches of the road less traveled also offer the greatest chances for seeing wildlife.

In the very heart of Denali, Kantishna is surrounded by the park's most iconic scenery. The hike to nearby Wonder Lake — less than an hour away on foot — is rewarded with an uninterrupted vista of the giant mountain, looming high in the distance. The lake itself is a prime spot to keep watch for wildlife, as animals regularly come to its shore to drink the pure glacial water.

Mountain biking on the old mining roads, meeting sled dogs doing off-season training, fly fishing, and panning for gold as the original prospectors once did are among the ways to experience Kantishna. At the end of the road is where your Denali backcountry adventures can begin.

TALKEETNA — SMALL TOWN HOSPITALITY LARGER THAN LIFE ADVENTURES

Built at the junction of three glacial rivers, Talkeetna is one of Alaska's most unique spots, an eclectic, offbeat community set amid incomparable scenic beauty. When the skies are clear and clouds lift, panoramic vistas of Denali and the other snow-covered mountains of the Alaskan Range are revealed from different points all over town.

With pioneer heritage, a quaint main street lined with vintage clapboard buildings and an independent streak, this village of just 800 people has the same qualities as many other historic Alaskan towns. Yet tiny Talkeetna has an outsized reputation as the funkier place in the state.

In the summer months, Talkeetna welcomes climbers from around the world seeking to conquer the rugged peaks. Other visitors opt to reach the summits

by plane, which delivers the best views and the opportunity to touch down on a nearby glacier.

Close to downtown, the Talkeetna, Susitna, and Chulitna rivers come together to form the Big Susitna. There you'll find rafting adventures, fishing and jet-boat rides, as well as an enormous park where you can stroll down to the water's edge and walk along gravelly sand bars.

Locals and visitors alike gather, relax and recharge in the bars, restaurants and roadhouses of the historic downtown. You may share a local microbrew with a bush pilot or with an artist whose works are on display in a local gallery. Enjoy a friendly chat at the café with your coffee and fresh-baked treat. This frontier hospitality is part of Talkeetna's special charm.

ANCHORAGE — URBAN MEETS EPIC

Set between the sparkling waters of Cook Inlet and the dramatic snow-capped Chugach Mountains, Anchorage is Alaska's biggest city. Nearly half of the state's estimated 738,000 human residents live here, along with sizeable populations of bears and moose. Few places in the world can match its appealing blend of metropolitan pursuits and outdoor living. Where else can you see office workers casting fishing lines at lunch time?

Anchorage is at its most exuberant during the summer, when locals make the most of the mild temperatures and long days to stay out late into the sunny night. Many restaurants and bars have patios and decks, so you can enjoy the evening light and lively ambiance. The big city also boasts Alaska's biggest and most diverse dining scene, from great burger joints and craft breweries to classic steakhouses and cosmopolitan cuisine.

The grid-based downtown is easy to navigate on foot, yet there's so much more to explore. Like historic Spenard, an artsy district with its own heritage and distinct personality. Or some of the 250 miles of trails within city limits, like the Tony Knowles Coastal Trail that starts in the city center and follows the waterfront.

To experience Alaska's varied culture, Anchorage has you covered, too. The Alaska Native Heritage Center is an acclaimed forum for storytellers, dancers and artisans dedicated to preserving and sharing the diverse traditions of Alaska's indigenous peoples. Bringing together art, history and science, the Anchorage Museum's planetarium showcases the wonders of the Alaskan skies. And the Alaska Museum of Science and Nature is fun for kids of all ages, with many hands-on exhibits.

SEWARD — A GLACIAL GATEWAY

From the snow-capped peaks of the Chugach, the Kenai Peninsula extends from the mainland between the Cook Inlet and Prince William Sound, down to the Gulf of Alaska. Nicknamed Alaska's playground, the peninsula is remarkably diverse, encompassing wetlands and forest, rivers and lakes, a southern mountain range and an intricate coastline carved out by glaciers over thousands of years.

Perched at the head of Resurrection Bay, the picturesque seaport of Seward is the gateway to nearby Kenai Fjords National Park. Here the Ice Age maintains a cold grip: more than half of the park's landmass is a frozen expanse, covered by snow, glaciers and the massive Harding Icefield. Where the ice has retreated, the rainforest has taken hold,

populated by land animals like brown bears, wolverines and mountain goats. And where mountains, ice and ocean meet, the rugged seascapes and frosty waters support all manner of marine life, from colonies of nesting seabirds to sea lions, seals and pods of humpback whales.

One of the oldest communities in the state, Seward has a quaint downtown where you can stroll, enjoy a meal fresh off a fisherman's boat or relax in a local watering hole. Seward is also where the land and sea portions of a Royal Caribbean Cruisetour intersect. At the crossroads of maritime and interior Alaska, where the century-old sea routes meet the Alaska Railroad and scenic Seward Highway, one set of adventures comes to an end and a new one begins.

ALYESKA — WHERE DISCOVERY IS ALWAYS IN SEASON

Girdwood is a popular getaway from Anchorage, a mere 38 miles away along the shores of the Turnagain Arm waterway on one of the most scenic stretches of the Seward Highway. Visitors are drawn to the town's majestic setting in a verdant valley, surrounded by the Chugach Mountains and seven hanging glaciers.

Unique among Alaska's resort towns, Girdwood is a destination for all seasons. It is home to a small, tight-knit, and decidedly eclectic community of year-round residents who include ski bums, artists, ardent environmentalists, judges, politicians and many a part-timer from the big city. The compact center is dotted with coffee shops, casual eateries and fine restaurants where visitors and locals fuel up before and after their excursions into the Chugach Mountains and National Forest.

The Alyeska Resort is base camp at its most luxurious. Nestled into the forest at the foot of Mount Alyeska, it features such premium amenities as a full-service spa, elegant fine dining and a saltwater pool with mountain views. Right outside your room, the great outdoors is yours to explore. A number of scenic strolls, mountain-biking trails and hikes begin on the resort's grounds.

For the most daring travelers, there are glaciers to climb. But no visit to Girdwood is complete without riding the aerial tram to the summit of Mount Alyeska. In a matter of minutes, you're transported to the best spot for picture-postcard views of the high, snow-capped peaks, down to the valley below and the shimmering waters of the Turnagain.

FAIRBANKS – CITY OF GOLD AT THE EDGE OF THE ARCTIC

Back in 1901, riverboat captain E.T. Barnette ran aground in the shallows of the Chena, so he set up a trading post. A year later, the nearby discovery of gold transformed the remote settlement into a boomtown, and Barnette the first mayor. Fairbanks today remains a destination for adventure seekers, as the gateway to Alaska's northern wilds and some of its most isolated terrain.

In a valley crossed with rivers and streams, Fairbanks sits on the Chena, close to its juncture with the mighty Tanana. On clear days, the view south over the flats can extend to the Alaska Range. To the north, hills gradually rise up to meet the White Mountains. Winters mean frigid cold, long nights and the beauty of the Northern Lights. Summer brings balmy days, boundless sunshine and baseball under the midnight sun. In the warm months, the riverfront is abuzz, thanks to promenades and outdoor dining, along with

kayaks, canoes and old-fashioned sternwheelers on the water.

While home to just 32,000, Fairbanks is the big city of the interior and cultural hub for the sparsely populated region. The University of Alaska Fairbanks is a top global center for arctic and subarctic research. Its acclaimed Museum of the North showcases Alaska's geological, natural and cultural history through fascinating exhibits that include Blue Babe, the 36,000-year-old mummy of a steppe bison.

You can still go for the gold in Fairbanks, panning just like the early prospectors did. In the wilderness outside town, two intrepid miners founded the Chena Hot Springs resort whose warm, mineral-rich waters are still welcoming visitors more than a century later. Like Fairbanks itself, the historic resort combines pioneer heritage with a deep appreciation of the surrounding natural beauty.

ESSENTIAL ALASKAN ADVENTURES, INCLUDED

No two travelers are exactly alike. That’s why a Royal Caribbean Cruisetour features included experiences plus ample free time for you to do as much — or as little — as you’d like. The inclusive selection is designed around tours and experiences that showcase the special qualities of every destination. Each one is thoughtfully chosen to complement your independent explorations and discoveries for a complete and memorable Alaskan vacation that is all yours.

RIVERBOAT DISCOVERY (FAIRBANKS)

Take a journey into Fairbanks’ pioneering past aboard a vintage-style sternwheeler as she gently churns along the waters of the Chena. More than a river cruise, the Riverboat Discovery includes memorable stops along the way. A guided tour of an Athabascan Indian village is your introduction to the everyday lives and enduring traditions of the people whose ancestors settled here thousands of years ago. The spirit of Iditarod champion Susan Butcher lives on at the Trailblazer Kennels, where you’ll meet sled dogs in training, their handlers and some playful pups. And be enthralled at the sight of a bush plane touching down alongside the Discovery.

GOLD DREDGE 8 (FAIRBANKS)

The discovery of gold transformed Alaska, and the Gold Dredge 8 tour brings the state’s gold rush history and mining heritage to life. Over three decades, the pan-like dredge extracted gold just outside downtown Fairbanks. Years after closing, it re-opened as a national historic district and is a popular attraction. You’ll travel there aboard a replica narrow-gauge train whose conductor shares tales of the early prospectors. Then watch the giant dredge — itself an engineering landmark — in action before getting hands-on, panning for gold the old-fashioned way. Explore the camp where the miners lived, then enjoy some cookies and hot coffee while your fortune is weighed. Fun for all ages.

DENALI NATURAL HISTORY TOUR / TUNDRA WILDERNESS TOUR (DENALI)

Only one road extends into the untamed wilds, cutting through evergreen forest, up into the higher elevations that open out onto tundra and river valleys extending up to the Alaska Range. Your sharp-eyed guide is the lookout for all the creatures, great and small, though sightings of the Big Five — moose, grizzly bears, caribou, wolves and Dall sheep — depend on luck and timing. The Denali Natural History Tour focuses on the park’s natural and cultural history, traveling to Teklanika River (mile 30) with stops along the way. The Tundra Wilderness Tour goes deeper into the park — up to 62 miles — featuring more diverse scenery, additional stops and, when the weather is clear, an amazing view of the great mountain.

ALYESKA AERIAL TRAM (ALYESKA)

Outside of a flightseeing tour, the Alyeska Aerial Tram in Girdwood delivers Alaska’s best panoramic views in a matter of minutes. From the Alyeska Resort at the base of Mount Alyeska, you’ll ascend 2,300 feet to the summit. From the tram, you can see for miles, with even more expansive vistas from the mountaintop observation deck. The panorama includes the seven hanging glaciers and the snow-capped peaks of the Chugach Mountains, the forested Chugach valley and out to the sparkling waters of the Turnagain Arm waterway. Be sure to look down, too, and you may see wildlife ambling across the mountain’s slope.

ALASKA NATIVE HERITAGE CENTER (ANCHORAGE)

Discover the diversity of Alaska's indigenous communities — Yup'ik, Cup'ik, Iñupiaq, Athabascan, Tlingit, Alutiiq and more — at this acclaimed institution. More than a museum, the center is a forum for the storytellers, dancers and artisans who are dedicated to sharing their heritage and to preserving their languages and customs. The Welcome House is a celebration of contemporary Alaska Native cultures, while the outdoor facilities and sites on the center's 26-acre wooded campus allow you to explore ancient traditions and architectural styles that have been passed down through the generations.

ALASKA WILDLIFE CONSERVATION CENTER (ALYESKA)

Near the very end of the Turnagain Arm Waterway, along the scenic Seward Highway, this center provides a sanctuary for native Alaskan animals in need. Here you can get up close to the orphaned, injured or displaced animals, all under expert care in their natural habitats so that they can be reintroduced into the wild. The resident population varies by the season but can include caribou and moose calves, fawns, porcupines, birds, lynx, and brown and black bears. The gift shop is a great place to look for souvenirs and unique wares created by Alaskan artisans, the proceeds of which support animal care.

RESURRECTION BAY WILDLIFE CRUISE (SEWARD)

The port of Seward sits at the head of the scenic bay that is surrounded by jagged cliffs and forested mountains, with views up to the surrounding glaciers. Where ocean, ice and mountains meet, a diverse variety of wildlife flourishes. Setting off from the picturesque small-boat harbor, enjoy a narrated tour as you cruise close to shore on the lookout for sea otters, sea lions and whales in the frosty waters, puffins and other seabirds sheltering in the cliffs, and land animals like Dall sheep. Stop at a small private island for an Alaskan buffet, a presentation by a park ranger and a chance to stroll along the "skipping stone" beach.

ALASKA SEALIFE CENTER (SEWARD)

The marine-research institution and aquarium in Seward is Alaska's only permanent rehabilitation facility dedicated to the care of marine mammals. Dedicated to understanding and protecting the state's marine ecosystems, it allows visitors to explore the underwater world of the cold northern seas. You'll see a variety of native species: marine mammals like harbor seals, Stellar sea lions and sea otters; sea puffins, long-tailed ducks and other birds; fish like coho salmon and wolf eels; and invertebrates such as the giant Pacific octopus and red king crab. Meet the people who care for these creatures and enjoy a close encounter at a feeding. A memorable experience for animal lovers of all ages.

TALKEETNA ALASKAN LODGE

Built atop a ridge, the Talkeetna Alaskan Lodge is arguably the state's hotel with the most iconic scenery. On clear days, the lobby and restaurants enjoy panoramic vistas of Denali and the Alaskan Range, their snow-covered peaks shimmering in the golden light late on summer evenings. The lodge is surrounded by walking and hiking trails. Nearby, Talkeetna's three rivers beckon with adventures that range from laid-back float trips to jet boat thrills. The lodge offers casual and fine dining on site, and is just minutes from the village's cafes, roadhouses, bars and food trucks.

PIKES WATERFRONT LODGE

Homesteader Lloyd Pike built Pike's Landing on the banks of the Chena back in 1959 and this Fairbanks institution remains a family-run enterprise. True to the Alaskan spirit, Pike's has a style all its own, with displays of original works by Alaskan artists, resident ducks and a greenhouse that supplies fresh vegetables all summer long. You can play mini golf and bocce ball here, stroll the riverfront and enjoy drinks and dinner on the lively outdoor patio. And it's easy to explore, with attractions like the Museum of the North and downtown less than 15 minutes away.

THE GREAT WHITE NORTH

1

2

Snow-capped ranges, emerald-hued glacier lakes, forested valleys and sophisticated cities together make for a grand tour of Western Canada. Combine these experiences with a 7-night Alaska sailing onboard *Radiance of the Seas* for one unforgettable Royal Caribbean adventure.

On the land portion of the Royal Caribbean Canadian Rockies Cruisetour, journey between Vancouver, the cosmopolitan city of the Pacific, to Calgary, the modern metro with a frontier heart tucked between the foothills and the prairies. Along the way, discover the wilderness and untamed beauty of Canada's greatest national parks. With overnight stays in Jasper, Banff and on the shores of Lake Louise, you'll be surrounded by spectacular scenery.

All Canadian Rockies Cruisetours are independent travel itineraries. They offer all the features of an organized group holiday with the freedom and flexibility to pursue your own interests and find your own style of adventure.

Hotel Properties

The land tour is also an opportunity to experience Canada's golden age of trans-continental travel. As

the nation began to move west, the Canadian Pacific and Canadian National railways drew on grand inspiration — a Loire Valley chateau, a Scottish baronial castle, a gentlemen's hunting lodge — to create distinctive mountain destinations and city hotels. Select nights of the Canada land tour feature a stay at the Fairmont Hotels & Resorts, among other fine hotels.

VIA Rail

You'll also get to relive, or enjoy for the first time, the romance of train travel on an overnight trip onboard VIA Rail's legendary train, *The Canadian*. VIA Rail has completely renovated the cars of the Sleeper Touring Class, maintaining their period style and mid-century flair. The trip includes both dinner and breakfast in the dining car, where fresh, fine cuisine is prepared to order onboard.

The schedule and route between Jasper and Vancouver maximise your daylight views of the mountains, which you can take in from the airy domed cars, the parlour cars and your own private cabin for two. Before you retire, the dedicated attendant will have readied your cabin for a restful night.
